

Feature	Specification
Recognition	STQC Certified L1 Fingerprint Scanner Face Recognition QR Code Recognition
LCD Display	8" TFT LCD (800*1280 IPS)
CPU	Quad core 2.0Ghz
Internal RAM	4GB
Flash	64GB
Touch Panel	Capacitive Touch Screen / Multi-Touch
Camera	Front camera 5.0 MP, Rear camera 8.0 Mega pixel
Built-in Battery	3.8V/5100mAh, Chargeable Li-polymer battery
External Memory	TF Card(up to 128GB) SD card (up to 128GB)
Language	Local language support
OS	Google Android 13.0
USB	USB 2.0- Type C
SIM	Dual SIM Slot
Wi-Fi	Built-in Wi-Fi, Support 802.11 a/b/g/n
MIC	Built-in High Sensitive
Bluetooth	Supports BT 5
Connectivity Options	LTE / 4G / 3G / 2G / VoLTE / GSM / GPRS / Wi-Fi
G-Sensor	3-ASLE Load Force Sensor, Four Direction Changeable Display
Audio	MP3, WMA, OGG, APE, FLAC, AAC, WAV
Video Format	Support various video decoding formats, including H.264, H.263, VC1, MPEG1/2/4, XVID, VP6/8, AVS, etc.,
Picture format	JPG, BMP, GIF & PNG
Certification	CE, RoHS, STQC, BIS, FCC, CB, UL, & SAR
Charger	Input: AC100~240V, 50~60Hz, Output: 5V/2A
GPS	Yes (Satellite based GPS tracking) with AGPS

Application Areas

- TGTS / NIC / NMC / BAS / AEBAS
- State / Central Govt. and Municipal Staff
- Educational Institutions
- Hospitals, Medical and PCI Approved Pharmacy Collages

Note: We pursue a policy of continuous research and product development. Specifications and features are subject to change without notice

Introducing for the first time..

Aadhaar-Integrated Face and Fingerprint Biometric ATTENDANCE SYSTEM

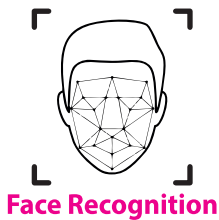

STQC Certified L1 Scanner

Overview:

The SLC-110 Biotab is a state-of-the-art, Made-in-India biometric device engineered to redefine efficiency, security, and convenience. This biotab ensures top-tier performance and is designed for AEBAS, State / Central govt, Municipal Corporations, Educational Institutions and Hospitals for staff and student.

Key Features of SLC- 110 Biotab

The SLC-110 Biotab is the first of its kind to integrate face recognition, QR code scanning, and an STQC-certified L1 fingerprint scanner. Powered by high-performance hardware, including 4GB RAM and 64GB storage. The tab offers reliable connectivity options such as Wi-Fi, LTE, and Bluetooth 5.0, and a long-lasting 5100mAh battery offering 6-8 hours of operation.
